(8) The Number of enquiries soliciting information on places of archaeological interest in the State is steadily on the increase. Quite a large portion of these enquiries is from people outside the country and genuinely interested in the subject. It will be very difficult in these cases to ask them to send small sums of money (like six annas and four annas) to cover the cost of these pamphlets. Usually, publicity literature is supplied free to those who ask for it and it is with this view which I have asked the Director of Archaeology to supply me with 25 copies of each of his publications, so that when foreign tourists require any detailed information about art and sculpture etc. these books may be sent to them. The publicity value of a gesture like sending books of this kind is very great and it seems to be worth while writing off the

To

The Secretary to the Government of Mysore,
Forest and Agriculture Departments,
Public Offices, BANGALORE.I.

Sir,

I am enclosing herewith a copy of letter No.1028/D.I dated 22nd July 1953 received from the Principal Information Officer, Government of Mysore, Bangalore, requesting in the circumstances explained for the supply of 25 copies each of all the available Guide Books published by the Department of Archaeology. The Principal Information Officer also suggests that action may be taken to write off the value of such books as are supplied to him for publicity purposes. As per letter No.E.5666 dated 18-10-1951 received from the Secretary to Government, L.S.G.Department, (copy enclosed for kind information) the cost of the books will have to be debited to the Department receiving them, a corresponding credit being shown to the Department supplying the same.

I solicit kind orders of Government as to whether the guide books required by the Principal Information Officer

P.T.O.

may be supplied to him free of cost.

Youre faithfully,

(K.Narayana Iyengar)

Copy of letter No.1028/D.I. dated 22-7-1953 from the Principal Information Officer to Government, Bangalore, to the Director of Archaeology, Mysore.

I write to state that I am constantly receiving frequent enquiries regarding the places of historical and archaeological interest in the State, and it will be very useful for me if some copies of the several Guide Books that you have prepared are sent to me to answer such queries.

I shall therefore be highly thankful if you will kindly send me 25 copies each of all the available Guide books prepared by your Department, action being taken to write off the value of such books as are supplied to me for publicity purposes.

Subject: Supply of Guide Books to the Principal Information Officer.

With reference to your letter No.183 dated 6-7-1951 on the above subject, I am directed to state that it is not a case of writing off the cost of books. As the books have been transferred from one Department of Government to another, it is a question of debiting the cost to the Department receiving the books and affording a corresponding credit to the other Department in the first instance.
